Activities you can do at home

Make a den!

Use furniture, sheets and clothes pegs to make the structure, then lay cozy blankets and cushions inside. Bring your favourite books and toys!

Have an indoor picnic

Lay out a blanket, make sandwiches and snacks, then enjoy your food. Invite others to your picnic and play games.

Make a family magazine

Write articles and stories, design a cover, draw pictures and then make copies for your family to read!

Create a dance routine

Choose your favourite song and make up your own dance routine. You could show your family and have a talent show!

Have a treasure hunt

Hide coins, sweets or other treats around the house and then search for them with your brothers/sisters and family. You could even write clues to help each other find them.

Design and make a cardboard house

Use old boxes as houses and cut out windows and doors. Decorate and paint the house to make it colourful. You could use card to make roads and streets.
